

THE MUSIC GIFTS COMPANY

gifts that hit the right note

element
GIFTS

The Music Gifts Company was established in 1995 by David and Colette Gee to create a unique collection of gifts on a music theme. From the outset, all the gifts have been designed in-house. They work closely with all the manufacturers to produce only the finest quality items. The majority of these manufacturers are still based in the UK, highlighted throughout the catalogue. As well as music, we have a collection of men's gifts designed across a variety of sports and hobbies. ELEMENT is also designed in-house and manufactured to the highest standards. We are also the exclusive UK distributor of Italian Leather goods by Dallaiti. Each piece is beautifully crafted and forms a great addition to the range. There are some wonderful new gifts for this catalogue, including a Glasses Case, Tote Bag, Greeting Cards and Notepad as well as the return of a classic Apron. The trade website facilitates the ordering process as well as showcasing our latest new designs, far sooner than any other medium. All packaging is recyclable and we only use compostable bags for all notepads and greetings cards.

We are proud of our designs and take every measure to protect them under international copyright laws.

Thank you for all your continued support, as it is always very much appreciated
